## MINERS ENTERTAIN.

They Gave a Creditable Performance at Gallup.

## SECURED FUNDS FOR THE STRIKE.

Special Correspondence.  
Gallup, N. M., Jan. 25.—I send you the program and a short account of an entertainment given at the opera house on the evening of the 23rd, which was for the benefit of the miners' strike. The program was given by the miners of the town and fully equal to many given by professionals of long standing. The affair was given up by the miners of Gallup to raise money in case of need during the pending strike. They were very successful, netting \$100. The event deserves special mention, as well as the fact that the miners of Gallup are so well organized.

The affair was arranged by the program for the stage made up and carried out with but three rehearsals in the four days of preparation, and with but two exceptions, entirely by miners from the underground work-rooms, where for the greater part of their lives they have toiled in darkness, dampness and had air with danger ever present and death a frequent visitor.

The music was furnished by the U. T. orchestra, two of its five members, W. Wyper and J. Watson, are miners now. D. C. Russell, the leader, has been a miner, as also W. B. Campbell, who was hindered by sickness from playing on this occasion. The remaining member, W. W. Riddon, agent eleven years as bookkeeper and accountant for the Gallup and Crescent coal companies.

Part first, as will be seen by referring to the program, consisted of the customary circle, with the jokes, witticisms, songs and dances. The jokes were this year's crop, the witticisms clever, the songs of the better class, and well rendered, nothing rude or suggestive in the entire program. This part furnished a most comical number.

The man who wanted to tell a story Nobody Wanted to Hear. The circle vanished one by one, the chairs struck and sold out of sight and even the curtain was drawn on the last act. The story was a fine thing, but the audience was so tired that they could not follow it. The story was told by the man who wanted to tell a story Nobody Wanted to Hear.

Part second, as will be seen by referring to the program, consisted of the customary circle, with the jokes, witticisms, songs and dances. The jokes were this year's crop, the witticisms clever, the songs of the better class, and well rendered, nothing rude or suggestive in the entire program. This part furnished a most comical number.

## RAILROAD MEETING.

### Commercial Club Meets and Consider Important Proposition.

### ROCK ISLAND CONTRACTOR HERE.

A very interesting meeting was held by the representative business men of the city in the rooms of the Commercial club last evening. The principal object of the gathering was to consider the proposition made by the directors of the Santa Fe, Albuquerque and Pacific Railroad company. The company asks that the citizens purchase \$100,000 worth of stocks, one-half of the amount to be paid when the road is completed to this city, and the balance when the extension is made to the Rock Island road. A committee consisting of Mayor Marron, E. S. Stover, C. F. Myers, H. B. Ferguson, N. C. Field and Attorney Clancy was appointed to investigate the matter and report at a meeting to be held next Saturday night.

Considerable discussion was had upon the proposition, and the majority of opinions expressed were very encouraging to the managers of the new railroad company. When the passenger train from the south pulled into the city this morning a prominent member of a big contracting firm of Colorado Springs stepped down from the coach and proceeded to the office of the city engineer, Trimble & Co. He stated that his firm had a contract for grading a 100-mile stretch of road from Pinos Wells to the Rock Island extension in southern New Mexico. Several car loads of scrapers, horses and camping equipment are being shipped from Colorado in a few days. The gentleman here whose services are overland guides could be secured. He said if such was possible he would direct his company to unload the paraphernalia at this point and start for the scene of operation at an early date. It is also positively known that he is figuring on coming to the Gallup and Crescent coal companies.
